

ARNAB SAGAR

1155 Gordon Street, Guelph, Ontario, N1L1S8
arnab.sagar47@gmail.com | <http://arnabsagar.github.io>

I am a second-year international student at the University of Guelph, who is actively seeking a Teaching Assistant position. I aspire to become an academic in the field of computer science and mathematics someday. Hence, my aim is to work with an organization which provides me with the opportunity to improve my skills and knowledge to grow along with the organization's objectives.

EDUCATION

University of Guelph (2019 - 2024) - Currently, I am pursuing a Bachelor of Computing degree with a major in Computer Science (Co-op) and minor in Statistics. I hold a place on the Dean's List of Honors
Amity International School, Gurgaon, India (2019) - Passed with an average of 94.2% in Grade 12 with subjects Physics, Math, Chemistry, English, and Computer Science

WORK AND VOLUNTEERING EXPERIENCE

Tester and Customer Service Associate, City View Pools (May 2020 - Current):

Primary responsibilities include testing of customer's pool water samples and running a detailed analysis to give out recommendations on what chemicals to use and how to take care of the pool. Moreover attend to customer's other concerns and queries about different plumbing and fittings.

Duke of Edinburgh's International Award for Community Service (2017-2019):

Received an International Level Distinction for contributing more than 180 hours towards volunteering. Primary responsibilities included teaching math and programming to underprivileged students.

Services Coordinator, Chethana Balaga Organization (2016-2018):

Administered community outreach and event management. Worked on upholding good relations with the charity donors and other important partners of the organization.
